

We Just Closed The Gap!

NEW

No Side Gaps!

**Easily
installs into
virtually
any clevis
hanger!**

**Patent
Pending**

Short-Rib Saddles are here!

- Quickest installed center rib Saddle on the market today.
- Saddle is flush to pipe insulation and gap-free at the side locations, preventing water, debris, dust, mold, bacteria, and fungus penetration.
- Short-Rib design feature gives saddle perfect fit, and adds structure while securing the clevis hanger in place.
- Flared edges protect the insulation and jacketing.
- Each Short-Rib Saddle marked with the outside diameter.
- Packaged in unique Plastic Square Buckets or Boxes.

BUCKAROOS has done it again! We are proud to introduce the Insulation Saddle that gives you the benefit of a partial bottom Rib, along with gap-free Saddle sides to prevent water, dust, mold or fungus infiltration. Call us today at **800-969-3113** for the name of the Buckaroos Short-Rib Saddle Stocking Distributor in your area, or visit us on the web at www.short-rib.com to learn more.
