

# We're protecting more than pipe.

**JM Micro-Lok® HP is good for business and good for a greener future.**

You can feel good about using JM Micro-Lok HP pipe insulation as part of a sustainable buildingsolution. It features post-consumer recycled content and energy-saving thermal performance. Using Micro-Lok HP can not only contribute to LEED® points, but also helps building owners and operators reduce their carbon footprint.

GREENGUARD® certification is not intended for residential environments. Instead, the certification is intended only for buildings meeting ASHRAE 62.1-2007 commercial building ventilation rates. This certification is proof that the product meets the GREENGUARD Environmental Institute's indoor air quality standards and product emission standards for VOCs.
